

IL TRIONFO

—○—
4 Voices, One Triumph!

HOW IL TRIONFO WAS BORN

The project was conceived as a **professional music and production initiative with an international scope**. Its artistic direction began to take shape with the formation of the core ensemble and the collaboration with **Arterisio Paoletti**, a renowned arranger, composer, and orchestra conductor known for his work with **Andrea Bocelli** and **Al Bano**, and winner of the **Best Arranger** award at the **Sanremo Music Festival**.

Together with Paoletti, **15 tracks were recorded at Forum Studios**, featuring a live orchestra and a distinctive approach to pop-opera and classical crossover, laying the foundation for the ensemble's artistic identity.

The result is a **unique classical crossover quartet**, defined by an exceptionally balanced vocal structure: **tenor, soprano, mezzo-soprano, and bass**. These four complementary timbres blend to create a cohesive and distinctive sonic signature.
